

Lion 201: OS X Server Essentials 10.7

Authorized
Training Center

College of MultiMedia

Course Description:

OS X Server Essentials is a three-day course designed to give technical coordinators and entry-level system administrators the skills, tools, and knowledge to implement and maintain a network that uses OS X Server. Students learn how to install and configure OS X Server to provide network-based services, such as file sharing, web and wikis. Tools for efficiently managing and deploying OS X are also covered. The course is a combination of lectures and hands-on case study exercises that provide practical real-world experience.

Who Should Attend:

This course is designed for help desk specialists, technical coordinators, and entry-level system administrators who implement and maintain networks using OS X Server.

What You Will Learn:

- The features of OS X Server v10.7
- How to configure essential services on OS X Server
- How to use OS X Server tools to monitor and troubleshoot services
- Effective use of OS X Server to manage a small network of Macintosh computers and users
- How to manage access to files and services
- How to prepare for Apple Certified Technical Coordinator certification

Topics:

- Installation & Configuration
- Providing DNS Service
- Authentication, Authorization, and Access Control
- Open Directory
- File Services
- Using the Mail Service
- Using Web Services
- Collaboration Services
- Deployment Solutions
- Managing Accounts
- Challenges

Build credibility and get Certified.

Demonstrate your knowledge of OS X Lion Server v10.7, and take the OS X Server Essentials v10.7 exam. Apple Certified Technical Coordinator (ACTC) 10.7 certification is granted on successful completion of both the OS X Server Essentials v10.7 exam and the OS X Support Essentials v10.7 exam.

Prerequisite knowledge:

Prior to attending this course students should have the following prerequisite knowledge:

- Understanding of OS X
- Experience with OS X in a network environment
- Basic troubleshooting experience or Lion 101

This course can either be taught in English or Dutch teacher with English OSX and English text books. Please contact us for specification or consult our website.

College of MultiMedia is an Apple Authorized Training Center (AATC) offering courses that are part of the official 'Apple Training and Certification Program'.
